written by a master classical guitarist with fifteen years of classroom guitar teaching experience the book provides outlines for daily weekly and semester planning covering from planning assessment and music reading to chords and music theory jazz harmony and improvisation remedial techniques and more

this practical and leading book offers a solid overview of what is involved in carefully planning and running quality early childhood programs the authors believe that the lack of real quality in today s early childhood programs should be of paramount concern to future administrators and so have created a book that will aid them in the initial planning of quality programs and serve as a helpful resource once programs are underway coverage is organized to illustrate step by step the way directors of early childhood programs

must approach their role examining in turn planning operationalizing and implementing high quality programs for all young children for administrative personnel at the elementary school level

this book emphasizes an integrated language arts approach to teaching young children literacy focusing on balanced constructivist and direct instruction literacy development in the early years presents a theoretical and research based rationale for its contents as well as practical applications based on that theory it embraces integrated language arts and an interdisciplinary approach to literacy development as it addresses developing writing reading and oral language in the home and school curriculum the use of children s literature is emphasized as the most important instructional materials and the joy of early literacy experiences is stressed to ensure lifelong reading habits literacy development is viewed as an active process between children and adults to create meaning and real purpose for anyone interested in early childhood language arts

the independent bi weekly newsletter on research in education and learning
